RESULTS BASED COACHING

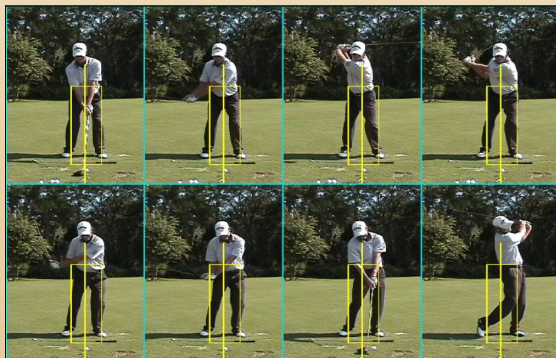

Welcome to Mission Golf Academy!

As you read through our brochure you will find our Academy's goal, our teaching philosophy, and how you can benefit the most from the programs that we offer. Although the Academy has several different functions, it has one common goal:

"To create a fun and productive learning experience for the student by sharing the good news about golf & God."

MANAGING YOUR GOLF GAME

Our teaching philosophy is simple. We want the golfer/student to **"Manage Your Golf Game"**. This means as instructors we empower you to have more control over your golf game, whether it's becoming a more consistent golfer or simply minimizing your embarrassment on the course. This does not necessarily mean you will become a great golfer, but rather that you will be able to influence what is actually happening when you do play golf. Whatever shot or results you would like to work on, we are here to help you **"Manage Your Golf Game!"**.

David & his staff of coaches cared more about my golf game than I did!
Anna C.
Mission Golf Academy Student

HOW WE LEARN AND CHANGE

Step #1 Goals and commitment - We will work together to clearly define your goals and your commitment level and track your 30, 90 & 180 day progress to ensure success.

Step #2 On course and off course game assessment Used to determine strengths and weaknesses in order to develop your personalized **Game Plan for improvement** (play, practice & equipment) .

Step #3 TPI physical assessment & injury avoidance session which will allow us to find out about your mobility and stability while playing healthy.

Step #4 Personalized Game Plan - We will sit down to create a personalized plan to ensure a clear path to your success using the RBC method.

Results Based Coaching

In addition to being a Certified MGA Coach, each of our staff is classified as a Class A PGA Golf Professional. After years of training and dedication, our staff takes pride in helping our students improve.

"The Golf Instruction at Mission Golf Academy is a great way for me to finally lower my score. I've learned what to practice, how to practice, and more importantly how to take it to the golf course. Golf is fun again!"
Bill E.
Mission Golf Academy Student
